Family Pathways Staff Newsletter

MARCH 2022

Connecting with Leadership:

March rings in Spring with hope and promise of more sunlight, nicer weather, and revitalization for plants and trees. March is also a time for hope and promise for our food shelves and programs with the start of the MN Foodshare program. This is a time organizations, businesses, faith communities, and individuals come together to replenish our food shelves and educate people on the effects poverty has on Minnesota families. I encourage our staff and volunteers to visit and share the various ways one can support or host a food and fund drive locally at www.familypathways.org and click on 'March Foodshare' link.

Thank you for helping our neighbors and each other every day!

Staff Spotlights from the Forest Lake Thrift Store:

On Saturday, February 26, Rhonda received a phone call from a donor stating how awesome and hard working the staff were at FLTS. He was buying pizzas for the staff and the pizzas would be delivered in 5 minutes. Rhonda told him how wonderful and thoughtful of a gesture this was and that this had never been done for them before. Sure enough, right-on-time the pizzas were delivered in Sebastian's name (Studier). Kudos to Sebastian for awesome customer service at the donation door - he earned lunch for everyone.

Also from the Forest Lake Thrift Store, a shopper called to express how impressed she was by Jodi and Justin. It was Jodi's first day (she is a returning employee) and the compliment for her was how exceptional her customer service was as a cashier. Justin was complimented because he was very friendly and welcoming; he came up to the register and introduced himself to Jodi and said he had heard wonderful things about her and wanted to welcome her to the team.

Mission Moment

12 girls from 2 Girl Scout troops attended a recent Dementia Friends session for youth. Several knew of someone who was living with dementia. The girls were very much engaged with the session. One girl commented, "I am glad to learn why my Grandpa talks the way he does, and now I know a little bit on how to talk to him, I am not so afraid as I was."

Checklist of Common Tax Return Errors

The following checklist may help you avoid common errors:

- Submitting your tax return electronically ensures greater accuracy than mailing your return. The e-file system often detects common errors and rejects your tax return, sending it back to you for correction. This could save you delays in processing your tax return. For more information, click on e-file here: <https://www.irs.gov/filing/e-file-options>.
- Did you choose only one correct filing status? See What Is My Filing Status? at <https://www.irs.gov/help/ita/what-is-my-filing-status>.
- Did you check the appropriate exemption boxes for your personal, spousal, and dependency exemptions?
- Did you enter the total number of exemptions? Review Personal/Spousal Exemptions and Dependency Exemptions to find out if you qualify.
- Did you enter the names and taxpayer identification numbers for everyone listed on your return? If using Social Security numbers, they must be entered exactly as those names and numbers appear on each person's Social Security card. If there have been any name changes, be sure to contact the Social Security Administration at SSA.gov, or call it at 800-772-1213.
- Did you enter your income on the correct lines?
- Did you calculate deductions and credits correctly, put them on the right lines, and attach the necessary forms or schedules?
- Did you put brackets around negative amounts?
- If you're taking the standard deduction and checked any box indicating either you or your spouse were age 65 or older or blind, did you find the correct standard deduction using the chart in the Form 1040 Instructions or the Form 1040A Instructions?
- Did you figure the tax correctly? If you used the tax tables, did you use the correct column for your filing status?
- Did you sign and date the return? If it's a joint return, did your spouse also sign and date the return?
- If you received an IP PIN (Identity Protection PIN) from the IRS, see "Identity Protection PIN" in the instructions for your form and The Identity Protection PIN (IP PIN) page.
- Do you have a Form W-2 from each of your employers, and did you attach Copy B of each Form W-2 to your return? If you have more than one job, combine the wages and withholdings from all Forms W-2 you received, and report those amounts on one return.
- Did you attach each Form 1099-R that shows federal tax withholding?
- Did you attach all other necessary schedules and forms in the order of the sequence number shown in the upper right-hand corner?
