

Every voice.
Every possibility.
Every day.

CAREGIVER CLASSES

Especially Helpful for Caregivers and Those Supporting Loved Ones

HOW WE WORK

We provide **informative** classes for seniors, caregivers, and those who support them.

Our sessions provide practical tools, trusted resources, and guidance to support healthy aging and caregiving at every stage.

These classes are designed for seniors and older adults, family caregivers, community and faith-based groups, employers and service providers, and healthcare and human service professionals.

Let's Schedule a Class

Classes are available upon request. We will work with you to schedule a date, time, and format that best meets your needs.

Family Pathways' programs are funded, in part, under contract with the Central MN Council on Aging as part of the Older Americans Act program; and in part, by a Live Well at Home grant from the MN Department of Human Services; as well as cost share contributions, local donors, and Family Pathways' thrift stores.
